

# DOLTON PARISH COUNCIL

## HALF BARREL PLANTERS

### IN THE CENTRE OF OUR VILLAGE

The Parish Council is responsible for the half barrel planters in the centre of the village and it has been noticed that the planters have been looking slightly 'tired' of late. The Parish Council has agreed with 'Andrew the Gardener' (who writes a gardening article for the Diary each month) to breathe some life and colour back into them with new compost, plants and on-going maintenance and care.

In order to cover the additional cost of providing this attractive, colourful feature in the centre of the village, benefiting residents and visitors alike, sponsorship will be needed. The total cost of the project will be £800 (£100 per barrel) for 2018.

We are in the fortunate position of already having a commitment of varying amounts from seven Dolton businesses and/or individuals, but we still have around £400 to find. Any contribution towards this sum would be gratefully received and sponsors will be acknowledged at the site (if they wish this to happen) and in the Diary, providing valuable advertising.

If you feel able to support us with this project please contact Linda Morris, Parish Council Clerk by Friday 24<sup>th</sup> November with your name, the name for the acknowledgement (if different) and the sum that you wish to donate.

***Clerk: Linda Morris, Church Cottage, Church Street, Dolton, EX19 8QE.***
